# Pathology Collection

Pathology collection at the Bush Nursing Centre is Tuesday and Thursday each week.

When requiring pathology, if possible, please call into the centre prior to collection day with your pathology request form, and see the nurse.

The nurse can advise what you may need to do prior to collection, and make a time for you to attend the clinic. This will help alleviate the waiting time for yourself and other clients. Please feel free to come without an appointment as long as you are happy to wait.

Pathology collection is between 9 and 11am.

Thank you for your co-operation
